Dear Fellow Associates of the World Association for Buiatrics

As you know, the 27th World Buiatrics Congress will be held in Lisbon, Portugal, from the 3rd to the 8th of June 2012.

Pursuing WAB's mission, we aim to host an international forum that enables the exchange, within the veterinary community, of the latest advances in both science and practice, through state of the art oral presentations and posters. Although the scientific programme is mainly focused on all aspects of bovine science, there will be an important part dedicated to small ruminants and camelids.

Simultaneous translation to French, German, Spanish and Portuguese will be available in three auditoriums. We will also host a symposium from the European College of Bovine Health Management (ECBHM).

This event's success depends partly on the divulgation we are able to perform, and so we ask for your assistance in advertising the WBC-2012 to your members, in your website, publications or congresses. If you need any promotional material, including flyers or logos for printing, please do not hesitate to contact us on the following e-mail address: luisfeio.apb@gmail.com.

Please visit our website www.wbc-2012.com or follow us on Facebook www.facebook.com/wbc2012

Yours sincerely

Prof. João Cannas da Silva
Chairman of the Organizing
Committee

Dr. José Luis Feio
Vice Chairman of the Organizing
Committee
